PROJECT TIME AND COST MANAGEMENT

January 4-5, 2021

ABOUT

MDPs @ GIM

The MDPs at GIM provides an intense and transformative learning experience designed to fit the requirements of seasoned mid-career executives. The programmes will equip the participants with various critical capabilities to succeed in an ever-changing global business environment.

Our programmes are designed and delivered to meet the needs of the executives who have the drive to lead innovations, be the champions of change and have the passion for solving complex business challenges. Our programmes are led and facilitated by experienced faculties who share with the participants their research- driven insights and their knowledge of current industry best practices

WHY

THIS PROGRAMME

Project Management is becoming increasingly important with the need for completing tasks within specified time and cost limits on the rise.

This programme aims to develop an understanding of the tools and techniques for effective management of resources and cost in projects and to acquaint participants with computerized project management systems.

PEDAGOGY

A mix of lectures, case discussions, and workshop sessions would be used to exchange knowledge in this programme. Participants will also be exposed to the use of project management software (MS Project).

No prior knowledge of Project Management is assumed. The programme will benefit executives and managers involved with projects from varied organizations and fields. The projects may include construction, product launches, event management, major shutdown maintenance, etc.

LAST DATE FOR NOMINATION

In order to finalize contents and confirmation of speakers, participants need to send their nominations latest by

December 20, 2020.
