Goa Institute of Management (GIM) is among the top business management schools in the country with a strong legacy to be proud of. It was founded in 1993 by Fr. Romuald D’Souza after he had set up XIM Bhubaneshwar. He was also the former director of XLRI Jamshedpur.

GIM’s core course offerings include Sales & Marketing, Finance, OB & HR, Operations & Supply Chain Management and General Management & Economics.

MISSION
The Mission of Goa Institute of Management is to create knowledge & nurture leaders for sustainable business and an inclusive society for India and the world while maintaining strong & ongoing commitment to Goa.

VISION
The Vision of Goa Institute of Management
1. To achieve a preeminence among business institutions in India and be acknowledged among the ten best Institutions in the country.
2. To obtain international accreditation and be acknowledged among the fifty best schools in the world.
3. Our graduates should be acknowledged as sound business managers with an all-round capacity, with environmental sensitivity, and social consciousness of their lesser privileged associates.
Message from the Director

Dear Recruiters,

It is a great pleasure to invite you to participate in the placement process of Goa Institute of Management (GIM).

Last year, Goa Institute of Management completed its 25 years of excellence and growth. As we reflect back on these glorious 25 years, we look fondly on the strong foundations laid by our founder director, Father Romuald D’Souza S.J, formerly director of XLRI Jamshedpur and then the founder director of XIM Bhubaneshwar and GIM.

GIM has come a long way since then with a 4000 strong alumni network spread across the globe and alumni chapters in London, Toronto, the United States, Dubai, Singapore and all major cities of India.

We at GIM have endeavoured to provide you with young and dynamic talent with a focus on creativity, management competence and character. Moreover, our belief in diversity engendering greater peer-to-peer learning has resulted in us being able to usher in a fair amount of gender diversity. GIM is proud to present a batch of 244 students with an equal gender mix.

The dedication of our faculty, diverse student body from over 29 Indian states, and constant guidance from an array of distinguished visiting and guest faculty give GIM students a competitive edge. This when accompanied by the wide range of student lead initiatives including the year-long immersion social sensitivity program, Give Goa, make them competent and compassionate business leaders. Not only this, but also our membership of AACSB ensures the firm foundation for emerging as a world class business school through collaboration and bench marking.

I extend my sincere thanks and gratitude for the patronage you provide to GIM and invite you to our campus to participate in our 2019-20 placement process.

Regards,

Prof. Ajit Parulekar
Director, Goa Institute of Management

Message from the Placement Chair

Dear Recruiters,

At GIM, students get opportunities for learning & self-development, both in the classroom and off the classroom, due to the “Learning 24X7” culture. Students get an opportunity to develop their functional knowledge & skills (Investment Management, Analytical Skills etc.) along with leadership & soft skills, by actively participating in various club activities.

The multi-faceted pedagogy including simulations, helps the students to connect, learn and more importantly get a hands-on opportunity to internalize the learning.

The emphasis on “Action Learning” through live projects, dissertations help students build their competence and confidence to “Plug & Play” on transition into the industry. The add-on learnings are facilitated by customized workshops by external learning service providers.

The strong interface/connect with industry practitioners give the students an opportunity to get the insiders’ view of the contemporary practices. On an average a GIMite gets to hear/interact with 80 plus leaders from industry through multiple formats i.e, Leaders’ Interaction Summit, Ribandar Talks, etc.

The Give-Goa is a unique CSR initiative that helps in grooming students into responsible leaders with people’s touch.

The positive placement trend during last years in terms of recruiters, average and highest salaries plus the international recruitments indicates the confidence of industry on the talent graduating from GIM. The increase in number of PPOs from summer internships add another testimony to the credentials of GIM Talent.

With this, I invite you to the institute to test this bunch of bright, exciting and enthusiastic minds.

Prof. Venkatesh Naga
Placement Chair, Goa Institute of Management
Dear Recruiters,

Over the past 26 years GIM has grown into an institute of stature in management learning, as can be evaluated by the performance of most of our alumni. In the opportunities offered to our graduates, besides covering the core syllabus stipulated by AICTE, to whom we are affiliated, and which we follow rigorously, we expose our budding managers to a wide variety of learning related clubs that are run by the students themselves. We also invite several eminent management personalities regularly to talk to them and share aspects of their management journey, or aspects of business development.

Our philosophy postulates our core values of ethics and during the last year our Faculty was exposed to a programme of Transformative Teachers by the Dalai Lama School of Ethics of the Massachutes Institute of Technology of the USA.

In the more recent past, we have embarked on programme of growth in verticals which study the subject in greater depth, eg, the verticals of Healthcare Management, of Big Data Analytics and the proposed vertical of Banking Financial Services and Insurance, which are areas of fast development and transformation as our economy takes the next strides in growth. This depth will undoubtedly percolate to the upgradation of our general management courses.

We have been NBA accredited for over 15 years and are in an advanced stage of obtaining AACSB and EQUIS accreditation as well. We are embarked on a growing student exchange programme which is currently being widened and diversified.

In the recruitment of our graduates you will find reliable, job ready managers, who require a minimal effort to induct them to your organisation.

I wish you luck in your recruitment, and our graduates good fortune in the choice of career they have chosen and will stay put in for a while.

Best regards,

Peter F.X.D’Lima

NEW RECRUITERS

OUR TOP RECRUITERS
Recruiter’s Speak

Visiting GIM has been an absolute delight. The academic rigor and resilience that the students display is brilliant. A penchant for sales is clearly evident in the batch. Our experience at RB, with students from GIM has been great in the Sales Leadership Program and hence this time we widened the ambit and hired for the IS Leadership Program as well. Trainees recruited from GIM have done well in RB and continue to tread forward on fast track. We value our association with GIM and look forward to scale greater heights together and make valuable contribution to the overall sales ecosystem.

Aparna Gautam
HRBP, Sales

GIM has been a trusted recruitment partner with Infosys for many years now. Our hiring experience here has always been excellent. The students demonstrate great attitude and excellent communication skills. The hiring process itself is run seamlessly by the placement team and we hope to continue the relationship in the same vein in the coming years.

Saloni Dhage
TA Lead

Our association with GIM began last year & it has been extremely positive. We believe that quality, seamless process and continuous improvement are the three pillars for corporate & campus relationships and GIM has been able to deliver on all these. Students and the faculty have been super supportive to our needs and beyond. NetApp is keen to contribute into the professional growth of these students and look forward to scale greater heights together and make valuable contribution to the overall sales ecosystem.

Swetha HR
Sr. University Recruiting Specialist

First of all, we had a great process when we visited the college to hire the Interns, the placement coordinators were very active and responsive which ensured a smooth process. We had hired 2 Interns from GIM, we found them to be very good, they were self-motivated, independent, great communication and good team players. We further wish to continue grow the relationship with the college. Thanks for your help!

Purvi Mirani
HR - TA
I came to GIM in 1993 after having worked in industry for 6 years. I was therefore looking for something that did not just simply confer an academic qualification, but provided management education to round off my technical expertise and experience. Two decades later, I am still happy to report that GIM met my needs completely. As it was the first batch, where forget infrastructure, we did not even have a campus, we learnt to do well with what we had. The pedagogy prepared us for the real world of managers. We learnt that something done perfectly but late was worth less than something done on time laddered grade points cut for late submissions ensured that. We learnt to live with discipline (the classroom doors would shut 30 seconds after schedule lecture commencement times) and yet work on non-structured problems. We had quizzes on topics not just from text books but more so from the real news (Economic Times that was delivered to Goa a day later than the rest of the country), so we learnt how to apply what we learnt in theory to actual business situations (that was reported in the news, as against contrived cases). We learnt to go out on our own, stand on our feet, and be confident in our training and ourselves. Looking back over these two decades, having had the experience of having met and worked with people from different management institutions from across the world, I am pleased to say my stint at GIM provided me a sound grounding, and that I am proud to be an alumnus of Goa Institute of Management.

Perry C Goes
Chief Strategy Officer
United Breweries Ltd.
GIM Batch: 1993-1995

We work hard and party hard. This was my introduction to GIM. The faculty member who had come to interview potential students during the selection process left me with this response when I asked him how is Goa as a destination for a PGDM course. GIM lived over and beyond this expectation.

GIM has a very close knit ecosystem which facilitates learning that is 360 degrees. The pedagogy is proficient with faculty coming from astute academic backgrounds and achievements in the industry. The students undergo a holistic learning experience that is acquired from case studies, group assignments, live projects and research assignments. The residential campus, set in the lap of nature, adds to the wholesome learning atmosphere. Most students also take up roles in committees that enhances the PGDM experience through real life application. So a student not only plays the role of a student but also a groupmate, a colleague, an individual contributor and a teamplayer. This ensures that the learning comes a complete circle.

Much akin to the Avis adage – “We are number two, we try harder”, students of GIM are products of great humility and perseverance. With leadership that is firmly rooted in providing world class tutelage to its students the institute has produced achievers who have gone far and wide in the corporate world. I am privileged to have been a beneficiary of such excellence. Proud of GIM.

Sundaram R M
Senior Vice President (HR Domain)
YES Bank
GIM Batch: 2006-2008
Goa Institute of Management was founded in 1993 when Fr. Roumald D’Souza (ex-Director-XLRI, Jamshedpur) moved from XIMB to create a center of learning and excellence in Goa.

In a commitment to global education, GIM collaborates with the University of Antwerp, Belgium, & Fachhochshule student interaction and joint study.

Ties up with the Universidade Catolica Portuguesa (MBA Catolica) for facilitating faculty and student exchange.

GIM moves to the new state of the art green campus at Sanquelim and increases intake to 240.

Shortlisted by NITI Aayog for setting up of Atal Incubation Centre (AIC) under the Atal Innovation Mission (AIM) Scheme.

Approved by All India Council of Technical Education of the Government of India (AICTE).

‘Wizards of Biz’ now known as WizBiz started by MECCA, the marketing club of Goa Institute of Management, as a national level corporate quiz.

Institution of ‘Samriddhi’ one of the largest national level business school conferences in India.

Ranking in the Outlook-MDRA survey moves from 35th position in 2009 to 19th position in 2013 & bagged Silver Award at the first IMC award 2013 at the 4th Indian Management Conclave.

Completes 25 years of Excellence.
GIM kicked off its 25th anniversary year-long celebrations with a keynote address from His Holiness the fourteenth Dalai Lama. Speaking on the topic ‘Today’s relevance of ancient Indian knowledge’, his holiness said, “We need more people to come together and talk and debate on aspects linked to India’s ancient knowledge such as ahimsa and compassion. We also need to find ways to reduce conflict among ourselves.”

Keeping with its philosophy of espousing principle-centred leadership, GIM organised Ethical Data Leadership in Bengaluru. The event featured keynote speech by Mr. Bhaskar Pramanik, former Chairperson of Microsoft India; along with other prominent speakers like Dr. Avik Sarkar (NITI Aayog), Prof. Rahul De (Hewlett-Packard Chair Professor in ICT for Sustainable Economic Development at IIM Bangalore), Mr. Anoop Nambiar (Partner with Deloitte Touche Tohmatsu India LLP) and Mr. Narasimha Murthy (Vice President of Cartesian Consulting).

Shortlisted by the NITI Aayog, as one of the 13 institutes nationwide to host the prestigious, innovation-oriented Atal Incubation Centre (AIC), the GIM hosted IdeaLab 2018, an international event featuring over 300 start-ups in association with World Islamic Economic Forum.

GIM organised Women’s Leadership Forum on ‘Pathways to Resilient Leadership’ at Taj Vivanta, Panaji. Governor of Goa Mridula Sinha was the Chief Guest. Guest speakers included, Meera Shankar, Former Indian Ambassador to USA; Brinda Somaya, Architect and Urban Conservationist and Founder of SNK India; Dr. Maria Aurora Counto, Writer, Historian and Educationalist; Kshama Fernandes, MD & CEO, Northern Arc and Miti Desai, Classical Dancer, Designer and Founder of Miti Design Lab.
An institution can leave a lasting impact on an individual through its values, people, and environment. GIM did have such an effect on me.

GIM’s strong focus on ethics and corporate governance is very relevant in today’s times. I feel gratitude to have this concept introduced to me early in my career – I believe the theory of it is important, as is the practice. Also, I am happy to have made some good friends during those two years, and we still continue to remain so. I would attribute both faculty as well as some batch mates with guiding me through my ‘education’ in those two years and also with shaping my ‘thought process’. I will always remain indebted to what GIM has given me.

The fact that GIM is situated in Goa did bring in a soothing and cut-out-of-from-the-hustle effect, which I felt was essential for such a curriculum.

Lastly, the two year was not devoid of a lot of fun – treks, music, friends, getaways. I will not think twice at living those two years again.

Niladri Ganguly
Batch 2003-2005
Senior Director (Advisory Services), Moody’s Analytics
GREEN CAMPUS

Goa Institute of Management
Recruiters Guide 2019-20
Library

- Over 15,000 Management Books
- 10,000 Online Journals
- Comprehensive news and information provided in the digital library section
- Subscription to around 165 Indian and International journals
- Access to annual reports of around 1000 companies, stock exchange directory, CMIE
- A tie-up with the University of Ohio, USA, which assists in updation of titles
Centres of Excellence

The centres of excellence at GIM connect academia and industry to advance management education, research and outreach in key areas.

Centre For Research (CFR)
CFR is a faculty-initiated activity to promote and foster a culture of research with clear objectives, facilitate an environment that promotes learning, encourage faculty members to engage in high quality research, imbibe research driven pedagogy that nurtures critical thinking among students and be known among the management community as a thought leader.

Centre For Social Sensitivity and Action (CSSA)
CSSA has been created to promote social responsibility among organizations, promote social responsibility among students of GIM through service to less privileged communities and contribute to the local and national community.

Centre For Creativity and Design Thinking (CCIDT)
Design Thinking is a critical tool in problem solving in the work place today. It uses a human centred approach to find sustainable solutions to existing problems. The Centre works toward making students “see” solutions when none seem to exist and harnesses metaphors to see new product/service designs possibilities.

Centre For Entrepreneurship Development (EDC)
EDC has been established with the aim to foster the spirit of entrepreneurship among students and also providing students with the opportunity to learn about entrepreneurship and the entrepreneurial process while developing entrepreneurial attitudes and capabilities.

9th ISDSI International Conference
Goa Institute of Management had the opportunity to host the 9th edition of the prestigious Indian Subcontinent Region Decision Sciences Institute (ISDSI) International Conference at the Sanquelim campus, in January 2016, which promoted the research of interdisciplinary sciences and exchange of knowledge through various means. ISDSI is part of the Decision Sciences Institute, USA and is a platform to promote interdisciplinary research at the global level in the area of Decision Sciences through conferences. The conference at GIM hosted various academicians from different countries, practitioners from business and industry, and research scholars. Over forty institutes from USA and India converged at the GIM campus for the international event.

The Joint International Internship Seminar
As a part of the Global Immersion Programs, GIM is proud to host a Joint International Internship Seminar every year, in collaboration with the University of Antwerp. Students from the University of Antwerp and GIM work together on live projects for organizations in Goa. The projects are spread across various industries, thereby providing the students a platform to work together in crosscultural groups to solve real management problems. This JIIS is an intensive two-week program providing a unique learning experience to students from both the Institutes. Students from the University of Antwerp travel to India along with their Professors for this Seminar. The JIIS is not only an opportunity for the students to work through diverse cultures but also provides them with a great practical learning experience.
In every academic year, high-level leaders from various companies come together for Leaders’ Interaction Summit at GIM.

It is a great platform to hear from a range of speakers including managing directors and CXOs of various organizations about their career highlights and offer insights into their respective businesses.

Through Leaders’ Interaction Summit, GIMites have an opportunity for engagement with the industries. This summit is also a unique opportunity for GIMites to collaborate on various business challenges and discuss the impact of new trends and development with the leaders. Leaders’ Interaction Summit also creates a space for hands-on work, small-group discussions, and one-on-one meetings with some of the top corporate leaders.

At Leaders’ Interaction Summit 2019, we are hosting a number of distinguished speakers. To name a few:

- **Mr. Adhir Mane**  
  CHRO-Lifestyle Business  
  Raymond Ltd

- **Mr. Satyajit Mohanty**  
  CHRO  
  Crompton Greaves  
  Consumer Electricals Limited

National Institute Of Industrial Engineering, Mumbai

National level summer project contest. Participation from the top business schools from across the country, comprising of 6 modules: Consulting, Marketing, Supply Chain, Operations, Finance, IT

2nd Position
Learnings Beyond Classroom

As a part of Give Goa project, I, along with my group, had an opportunity to work with CII Young Indians, on their Project ‘Masoom’, which has been conceived to keep children safe by creating awareness on child safety amongst young children, parents, and other stakeholders. In the course of last one year, we conducted workshops with primary school teachers and students to spread awareness on child sexual abuse and safe and unsafe touch. At the beginning of the year, we had targeted 15+ schools for our visits. On completion of the project, we were successful in conducting sessions in 17 schools as well as a special session for the Eco- Clean Staff at GIM.

In the process, we realized that each individual has a responsibility for contribution to society, and we must thus all work towards a common goal of removing such social evil, by creating an impact in any way possible. We feel proud to contribute our part towards this goal. We believe it has helped the community in the sense that these children now will know if they are being exploited or see someone else in a similar situation and would know what to do.

By Akshita Sabharwal
(2018-2020)

GIVE GOA INITIATIVE

Summer Internship Program (SIP) is an integral part of our curriculum. However as per mandate set by the Institute, we can choose to study a semester abroad in lieu of the SIP. Hence, I decided to explore this latitude. I went for Foreign Exchange Program to Catolica Lisbon School of Business and Economics in Portugal. Being one of the premier B-Schools in Europe, it helped me perfect my existing skills and impart new ones in a setting that serves as a great opportunity and a once in a lifetime experience. The pedagogy used was a sublime mix of classroom lectures by industry experts and reputed members of the fraternity, as well as practical implications and deliverance of the principles taught.

Our team worked on a live project along with BCG (Portugal) analysts to provide consultancy and solutions to a social impact firm, looking to expand its area of operation. This involved setting a delivery time-line, thorough market research & analysis, constant feedback and interactions with the client as well as the senior consultants.

This exchange program helped me in understanding - how education as well as transactions are conducted in this part of the world along with the change in policy and approach required, in order to penetrate different geographical markets and segments. Having an intuitive knowledge about the same, post this student exchange program has inculcated an essence of adaptability as well as a motivation in me to take up challenges.

By Osama Kamran
(2018-2020)
Student Initiatives/Clubs

LIVE PROJECTS

i3 Club

Industry Institute Interaction Club (i3) is a student driven initiative that consistently works towards bridging the gap between industry and students through live projects. Over the years, GIM students have successfully worked with various organisations in several fields and continue to be associated with brands that add value to the students learning process. Our students have been felicitated to attend conferences such as APREE-Advertising Public Relations Event Entertainment.

Few of the projects we got on board this year:

- Mr. Amit Kasliwal
  India Head for Corporate Sales
  Ford

- Mr. Ankur Warikoo
  CEO and Co-founder
  Nearbuy.com

- Mr. Piyush Pandey
  Executive Chairman And Creative Director
  Ogilvy South Asia

- Mr. Prashant Parmeshwaram
  Director, Market Strategy and Insights
  Coca Cola

"Undoubtedly, my two years at GIM would have been incomplete without i3. As the name suggests, it helped me to nurture the required skillset to be an interface between the eminent industry officials and our student fraternity. Being a part of i3, it made me understand the importance of effective time management and teamwork. Last but not the least, i3 was a blessing for me and the bond I formed with my fellow club mates is going to sustain for the rest of my life”

Nilanjan Mukherje
Senior Financial Analyst,
Societe Generale
Batch 2015-2017

INDUSTRY INTERACTION

Ribandar Talks

Ribandar Talks has been a legacy club since its inception at the Ribandar campus in 2004. At RT, we bring in industry experts and professionals from diverse fields. Over the years, we have had the opportunity to conduct talks by prominent speakers such as Prahlad Kakkar, Kiran Bedi, Prashant Parmeshwaram, Piyush Pandey, Ankur Warikoo and many more! This marks GIM’s presence in the corporate world, provides students an insight into current trends in the industry and prepares them for a brighter future.

From the Speaker

It was a pleasure to conduct a talk at Goa Institute of Management as a part of their Ribandar Talks Club. I had a pleasant opportunity of interacting with an enthusiastic audience and putting across my experiences and life lessons. RT provides individuals like me, a platform to share our experiences from the field to motivate budding managers. I believe industry exposure through talks is deeply enriching and a great learning experience for students. Students can gain meaningful insights from diverse talks and in turn mould themselves to become future leaders.

-Mr. Ankur Warikoo
CEO and Co-founder
Nearbuy.com
Vinidhan

Vinidhan is a student managed investment fund conceptualized in 2013 for students to learn through the experience of managing a real investment fund. ‘Learning’ is the primary objective of Vinidhan, managed solely by GIM students under the guidance of Faculty Advisor Prof. Amiya Sahu. Vinidhan is registered under Societies Registration Act, 1860. The students who are part of Vinidhan get hands-on experience in performing investment research, investing money and managing a portfolio prior to entering the corporate.

Vinidhan not only gave me the confidence to invest in capital markets but also inculcated a sense of responsibility to manage real funds. Analytical skill developed while working as a member of Vinidhan has helped me a lot in my journey so far. Being the portfolio manager of Vinidhan, helped me in improving my managerial and resource management skills as well. The structural rigour and discipline we follow in Vinidhan, be it in the form of in-depth analysis or timely submission of various reports, which I carried forward to work, ensured giving my career a successful kickstart post PGDM.

Arcesium Services

Sankhya

Sankhya is a newly formed student society at Goa Institute of Management that aims to create a collaborative and cordial environment where students can congregate and update/share with colleagues current data analysis techniques through workshops, competitions and various other avenues. The society also aims to provide training so that the student community can acquire the necessary statistical and computational skills to draw meaningful conclusions from generated data.

Being a part of Sankhya: The Society of Analytics for two years was a matter of pride and prestige for me. Since it was a pretty new society, I had the opportunity of nurturing, moulding and conceiving my idea of Analytics into it. Big Data Analytics is something which is widely spoken of in this era and by working for a society like this helped me broaden my perspective towards this field. The Society of Analytics provided me a platform to host and organise events related to Analytics and to extend my reach to many industry professionals in analytics and interact with them to discover several avenues in analytics. The various analytical workshops and numerous competitions introduced me to so many tools used in the industry and bequeathed me an opportunity to work with huge data. Working with the Sankhya helped me immensely during my Summer Internship which was fortunately in Analytics and I was able to apply my learnings to it.

Anushree Bhargava
Batch 2017-2019

E-cell

The Entrepreneurship Cell at GIM, is a prominent student body that promotes and celebrates the entrepreneurial spirit amongst the students and encourages them to be budding entrepreneurs. The cell conducts numerous workshops, seminars, events and interactive sessions with eminent Entrepreneurs, thus, providing the students with unparalleled exposure to the entrepreneurial World.

"Utsav" is the flagship event of E-Cell, which provides an opportunity to students to run their very own entrepreneurial venture for a day, the aim being to implement and put in practice every aspect of managing a business. E-cell also hosts "Eureka", a national level B-Plan competition which provides a platform to showcase their business plan as well as facilitates an interactive learning experience.
Annual Conclaves

MECCA - The Marketing Club of Goa Institute of Management organizes GIM WIZBIZ - a national level corporate quiz competition, the biggest organized by any B-School in the nation. This year was the 25th year of GIM and the 19th edition of this flagship event - GIM WIZBIZ. This event gives the most competitive quizers of the nation the opportunity to compete with the best and be the best.

Our Quizmaster this year again was Mr. Avinash Mudaliar, one of the most reputed minds in the quizling world, who has been associated with us for the past 15 years. Mr. Mudaliar has conducted over 1500 quizzes and is also the quizmaster of Asia's largest quiz - 'Under the Peepal Tree' and is associated with SaReGaMa HMV and Gaana.com.

Since its inception in 2000, GIM WIZBIZ has been sponsored by the top companies of India and this continued at GIM WIZBIZ 2019 where we had SBI, HERO MotoCorp, IFFCO, Acron Homes and GOA Tourism amongst 50 other sponsors.

The winners of our pre events e-WIZBIZ (online), WIZBIZ Weekly (online) and the winners of the main event GIM WIZBIZ won prizes worth Rs. 3 lakhs. The champions of GIM WIZBIZ 2019 were Mr. Jayakanthan and Mr. B Naveen Kumar from TCS and Sai Mithra Constructions. We also had large number of participations from other top corporates such as Wipro, Deloitte, Infosys, Pepsi, Pidilite, Cognizant, Vedanta, Canara Bank, Tata Motors, which include winners of Tata Crucible and Brand Equity as well.

Samriddhi 2018

With a legacy of 11 years behind it, Samriddhi offers an opportunity for the best and brightest business professionals and entrepreneurs to display their inherent talent on a national platform. Over the years, Samriddhi has evolved from being a National Conference to a full-fledged B-School event spanning 3 days, with the participation of thousands of students from premium B-Schools across India in competitive events. The events are designed to challenge the marketing, operational, financial, analytical and entrepreneurial skills of the participants. Samriddhi witnesses a footfall of eminent speakers along with participation of students from premium B-Schools across India in workshops conducted by distinguished personalities from the industry which helps the student improve their subject matter.

Anveshan 2019

‘Anveshan – 2019 – Fostering Insights’ sponsored by Deccan Fine Chemicals (India) Pvt. Ltd. is one of the largest National Level HR Business Symposums conducted by any B-School in the country. It is organized by HRiday – the HR Club of Goa Institute of Management. Anveshan 2019 was the seventh iteration of Anveshan and was held on the 9th and 10th of February 2019. Post graduate Management students across 250 B-schools in India participated in this event.

Over the course of two days, various events were held which included – Gyanodaya (Talk by Industry expert), Samiksha (National level HR case study competition), Margdarshan (Industry mentorship simulation HR competition), Yukti (series of workshops on different topics) and InQuizitive (national-level online HR quiz competition).

Anveshan 2019 was sponsored by various top organizations of the country. It had TOPSIM as its Simulation Partner, HDFC Bank as Associate Sponsor, Safexpress as the Official Supply Chain Partner, People Matters as the Talent Media Partner, The Souled Store as the Official Gifting Partner and Las Vegas Comedy Club as the Entertainment Partner.

I will always value my stint at GIM as it shaped the way I think while handling any work situation. The academic rigour along with innovative case-based ways of teaching and evaluation helped to develop the technical as well as personal skills required to execute my work right. The flexibility to study any courses of choice go a long way in providing a diverse exposure.

Before joining MBA at GIM I was engineer with 3 years of work experience in operations field. During the course of 2 years I learned how marketing, finance and HR fields are impacting operations field. Subjects like operation research, supply chain management inspired me to further perceive my career in operations. GIM has transformed me from a technical mindset of an engineer to a holistic mind of a manager. Thank you GIM.

Gauresh Naik
Associate Manager (Strategic Sourcing and SCM)
Hero MotorCorp Ltd.

Human Resources

Course Details

- Leadership in Organizations
- Compensation and Reward Management
- Counseling Skills and Emotional Intelligence for Managers
- Diversity at Workplace
- Employment Law
- HR Analytics
- Industrial Relations
- International HRM
- Learning and Development
- Negotiation & Mediation for HR Managers
- Organizational Development
- Performance Management
- Personality Assessment for Self-improvement
- Recruitment and Selection
- Strategic HRM
- Talent Management

The HR program at GIM was a great learning opportunity for me, a good balance of seasoned HR professors, along with Industry Experts as visiting faculty ensured that we got a strong foundation in the Human Resources domain as well as a real-time practical application of the HR concepts taught to us. The case studies and situational role plays has helped me in getting a holistic perspective when dealing with challenges I face as a corporate HR professional.

Stratford Fernandes
(Senior University Partner-Flipkart)
KPIT
GIM: 2011-2013

Sanish Alias Damodar Shripad Kamat 26 years

</table>
What drew me towards GIM was the repute it was gaining in the academic circle. At that time, we didn’t have the infrastructure or resources we could boast about, but we always felt a cut above the rest. The pedagogy employed by the director and the faculty not only inculcated real world managerial skills but also at the same time fostered free thinking and entrepreneurial culture. In the last 20 years, we have visited the old campus at Ribandar as well as the sprawling new campus at Sanquelim several times. I have seen the college improve several times. I have visited the old campus at Ribandar as well as the sprawling new campus at Sanquelim several times. I have seen the college improve several times. I have seen the college improve several times. I have seen the college improve several times. I have seen the college improve.

(Class of 2007),
Recognition: Writer of Netflix original film titled “Brij Mohan Amar Rahe”
Placement

PLACEMENT PROCESS

Final Placements

PRE-PLACEMENT TALKS
A pre-placement talk provides companies with an opportunity to increase their visibility on campus. The company also gets a chance to interact with prospective employees, as well as throw light on various aspects of profiles being offered by them.

PLACEMENT WEEK GUIDELINES
A company interested in participating in the final placement process must register with the placement cell. The company must indicate their preferred dates for the pre-placement talks and final interview at the time of the registration. GIM will then assign and confirm the campus interview dates for the registered companies.

ALLOTMENT OF SLOTS
A company will be given a slot of 8 hours on a day. The allotment of the day and slot shall be done on the basis of the following parameters:

- Batch feedback
- Past relationship with GIM
- Company reputation
- Salary offered
- OB profile
- No of positions on offer

Summer Placements

SUMMER INTERNSHIP POLICY
A student can apply to any number of companies. Once an offer has been made, the student has to accept that offer. Students cannot withdraw from the selection process of a company once applied to. However in the event that student has received an offer in another company, before the result of the current process is announced, they will have to accept the offer that was made first.

PRE-PLACEMENT OFFERS
Pre-placement offers made by the company are to be routed through the placement cell. Any company keen on making a PPO may get in touch with the placement cell.

COMMUNICATION OF OFFERS
All final offers made to successful candidates are to be communicated through the placement cell only.
